

From
October 2026~

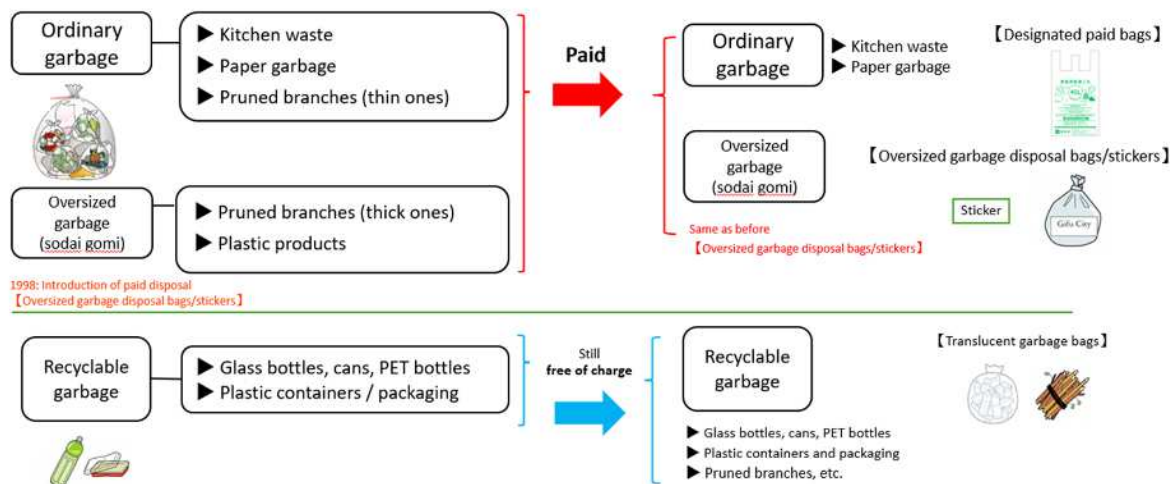

Ordinary garbage must be disposed of in designated paid bags.

Clean-chan

The fee applies to **“ordinary garbage.”**

Garbage generated by households (Overview of the paid ordinary garbage system)

- From October 1, 2026, **ordinary garbage produced by households** must be placed at garbage collection stations using the **designated paid “Ordinary Garbage Bags.”**
- The method for disposing of **oversized garbage (sodai gomi)** and the handling fees will remain unchanged.
- Collection of **recyclable garbage** (glass bottles, cans, PET bottles, plastic containers / packaging, etc.) will also remain unchanged.

Please put these items out at garbage collection stations in colorless transparent or milky-white translucent bags.

- **Pruned branches** will be collected free of charge if they are tied together with string, etc., or placed in bags and brought directly to an oversized garbage collection facility.
- **Ordinary garbage produced by businesses** is also subject to the fee system. Please dispose of it using the designated paid bags.

Garbage Handling Fees (Prices of Designated Paid Ordinary Garbage Bags)

Capacity of Designated Paid Ordinary Garbage Bags	Households			Businesses
	L(45L)	M(30L)	S(15L)	45L
Fee per bag (tax included)	¥50	¥33	¥16	¥50
Retail price (per pack of 10 bags, tax included)	¥500	¥330	¥160	¥500

Starting around August 2026, the designated paid bags are scheduled to be sold in packs of 10 at authorized retailers (to be recruited)

We kindly ask for your understanding and cooperation.
